

Tuesday 5/4		Wednesday 6/4		Thursday 7/4		Friday 8/4				
09:00	Arrival	ESR progress reports 1-3	Feedback session		Complementary skills session	Nicolas Treps				
09:30			Coffee		Coffee					
10:00		ESR progress reports 4-7	Ultracold collision theory	Andrea Simoni	Coherent manipulation of cold molecular ions	Michèle D. Lecomte				
10:30			Lunch		Lunch	Mgt evaluation				
11:00			Lunch							
11:30		Registration								
12:00		Welcome								
12:30										
13:00										
13:30										
14:00										
14:30	Methods and concepts in quantum information science	Jonathan Home	ESR progress reports 8-10	Microstructured ion traps and ion trap nano devices	Winfried Hensinger	Lab tour				
15:00				Coffee						
15:30	Coffee		Coffee							
16:00	Properties of ultracold gases and interaction with ions	J. Hecker Denschlag	ESR progress reports 11-13	Precision measurement	Jean-Philippe Karr					
16:30				Practical course, Location: 109,22-33				Olivier Dulieu		
17:00				Poster session						
17:30	Mgt meeting incl dinner	Fellows: Film session								
18:00										
18:30										
19:00										
19:30										
20:00										
20:30					Dinner
